

LAUNCHING YOUR DREAM EATERY

Essential Steps to Open a Restaurant on
Green Street, Champaign, IL

Starting a Restaurant on Green Street, Champaign, IL

Opening a new restaurant involves numerous considerations, including understanding zoning laws, obtaining necessary health permits, and budgeting for rent. Below is a comprehensive guide tailored for a new restaurant on Green Street in Champaign, IL.

Zoning Laws

In Champaign, IL, zoning laws are governed by the Champaign County zoning ordinance. Green Street is a bustling area, often zoned for commercial use. Here's what you need to consider:

- **Zoning Designation:** Green Street typically falls under commercial zoning categories that allow for restaurant operations. It's vital to confirm the exact zoning designation by contacting the Champaign Planning and Development Department.
- **Permitted Uses:** Ensure that your restaurant fits the permitted use for its specific zoning category. This often includes dining establishments, but specific restrictions may apply.
- **Special Use Permits:** If your restaurant concept includes features not typically allowed under the standard zoning, such as outdoor seating or alcohol service, you may need a special use permit.

Health Department Permit Costs

The Champaign-Urbana Public Health District (CUPHD) oversees health permits for restaurants. Here are the key costs and steps involved:

- **Permit Application Fee:** The initial application fee typically ranges from \$300 to \$600, depending on the size and type of the restaurant.
- **Annual Health Inspection Fees:** Expect to pay between \$150 and \$400 annually, depending on the risk category assigned to your restaurant.
- **Grease Trap Installation:** Restaurants that handle grease are required to install a grease trap or interceptor, adhering to specific health codes. Costs for installation can vary

greatly based on size and complexity, ranging from \$1,000 to \$5,000.

Average Commercial Rent

Rent prices can fluctuate based on location, size, and amenities. On Green Street, commercial rent averages around:

- **Rent per Square Foot:** As of the latest data, the average rent for commercial space on Green Street is approximately \$20 to \$30 per square foot annually.
- **Lease Terms:** Typical lease agreements may also include CAM (Common Area Maintenance) fees. Be sure to negotiate lease terms and understand all additional costs.

Additional Considerations

- **Utilities and Services:** Factor in the cost of utilities, waste management, and any additional services required by the city.
- **Licensing:** Don't forget to obtain necessary business licenses, alcohol licenses (if applicable), and any additional permits required for building modifications.

By understanding these crucial elements, you can better prepare for the financial and regulatory obligations of opening a restaurant on Green Street in Champaign, IL. Always consult with local authorities and professionals to ensure compliance and accuracy in all your planning stages.
